Hello Albert & Amanda,

We are selling homes like yours at more than 105% of listing price!

We just repeated that success by selling another home in Fremont for 106.8% which is about \$75,000 above listed price!

Enclosed is my newsletter for April, with details of market activity in Fremont on page 2. It is a sellers market! Since interest rates are low, it is attracting many buyers to this red-hot market. If you have a home, there is no better time than now to sell and realize capital gains.

On page 3, discover how to beat out other buyers to hot new listings. Ensure that you gain access to all homes in the market, even those that are NOT available online.

Whether you're buying or selling a home, we're sure that you have lots of questions. We invite your questions and explain how to direct them to us, so they can be answered in one of the upcoming issues of Market Watch. This month we've selected another popular question that many homebuyers ask, "Avoid 6 Costly Errors When Moving to a Larger Fremont Home and Save Thousands".

Page 4 has a list of useful reports that you can request, for FREE.

Don't forget, you can call my office any time at [925-452-7483](tel:925-452-7483) for a FREE Quick Over-the-Phone Home Evaluation. As its name implies, this is a NO cost, NO obligation way of learning what your home can sell for in today's market. Avoid 6 Costly Errors When Moving to a Larger Fremont Home and Save Thousands

Fremont - A new report has just been released which identifies the 6 most common and costly mistakes that homebuyers make when moving to a larger home.

Unlike the experience of buying a first home, when you're looking to move-up, and already own a home, there are certain factors that can complicate the situation. It's very important for you to understand these issues before you list your home for sale.

Not only is there the issue of financing to consider, but you also have

to sell your present home at exactly the right time in order to avoid either the financial burden of owning two homes or, just as bad, the dilemma of having no place to live during the gap between closings.

In answer to this issue, Industry Insiders have prepared a FREE special report entitled "6 Mistakes to Avoid When Trading Up to a Larger Home."

These six strategies will help you make informed choices before you put your home on the market in anticipation of moving to a larger home.

To hear a brief recorded message about how to order your FREE copy of this report call toll-free 1-844-311-5109 and enter 5007. You can call any time, 24 hours a day, 7 days a week.

If you've tried to sell your home yourself, you will get to know that the minute you put the "For Sale by Owner" sign up, the phone will start to ring off the hook. Unfortunately, most calls aren't from prospective buyers, but rather from every real estate agent in town who will start to hound you for your listing.

Like other "For Sale by Owners", you'll be subjected to a hundred sales pitches from agents who will tell you how great they are and how you can't possibly sell your home by yourself. After all, without the proper information, selling a home isn't easy. Perhaps you've had your home on the market for several months with no offers from qualified buyers. This can be a very frustrating time, and many homeowners have given up their dreams of selling their homes themselves. But don't give up until you've read a new report entitled "Sell Your Own Home" which has been prepared especially for homesellers like you. You'll find that selling your home by yourself is entirely possible once you understand the process.

Inside this report, you'll find 10 inside tips to selling your home by yourself which will help you sell for the best price in the shortest amount of time. You'll find out what real estate agents don't want you to know.
